What You'll Learn

- Forecasting and Analytics
- MEMS, Sensors and Integrated Circuits
- Implantable Devices and Neural Interface
- Medical Robotics, Equipment and Prosthetics
- Advanced Materials and Reliability

[More Information](#)

Keynote Speakers

From Health Data to Insights and Care that Improve Patients' Lives

Dr. John U. Knickerbocker, **IBM Corporation**
Manager: Micro Systems Technology & Solutions,
Healthcare and Life Sciences Industry

Designing for the Future of Healthcare

Charles (Chip) Steiner,
Technology Development Director
Cleveland Clinic Innovations

Venue Information

The symposium and expo will be held at the Tudor Arms Hotel in the Crystal Ballroom. Conveniently situated between the Cleveland Clinic and Case Western Reserve University, the Tudor Arms is located right in the heart of downtown Cleveland.
